PROFESSIONAL SUMMARY

Java Full-Stack Developer with hands-on industry experience in building real-world applications using Core Java, Spring Boot, REST APIs, MySQL**, and modern frontend technologies. Experienced in developing end-to-end solutions, integrating backend services with responsive UIs, and delivering clean, maintainable, production-ready code.**

Work Experience

Software Engineer / Java Full-Stack Developer
Pioneer Venture Group — Noida
Nov 2025 – Present

- Developed and maintained **full-stack web applications** using **Java, Spring Boot, REST APIs, and MySQL**.
- Designed scalable backend modules using **Controller–Service–Repository architecture**.
- Built responsive frontend components with **HTML, CSS, and JavaScript**.
- Implemented **category-based listing, search, pagination, and admin CRUD** features in a content-driven web application.
- Integrated backend REST APIs with frontend for **dynamic data rendering**.
- Deployed and hosted applications on **Hostinger**, managing live environment setup.
- Documented APIs using **Swagger** and tested endpoints with **Postman**.
- Used **Git/GitHub** for version control, debugging, and feature enhancements.

Project

1. **News_Web_Application**
   - **Tech Stack: Java, Spring Boot, REST APIs, MySQL, HTML, CSS, JavaScript, Postman, Swagger**
   - Developed a full-stack news web application for managing and displaying categorized content with a responsive UI.
   - Implemented key features such as category-wise listing, search, pagination, and admin-side CRUD operations.
   - Built RESTful APIs and integrated frontend with backend services for dynamic data rendering.
   - Deployed and hosted the application on Hostinger, ensuring stable live access and smooth performance.

2. **Electricity_Billing_System** https://github.com/Adil101010/electricity-billing-system
   - **Tech Stack: Java, Spring Boot, MySQL, Hibernate, JPA, Postman, Swagger**
   - Developed a full-featured electricity billing system to manage consumer records, automate bill generation, and streamline payment tracking.
   - Built RESTful APIs and integrated Swagger UI for documentation and Postman for thorough API testing.
   - Improved automation in billing workflows, resulting in a 25% increase in on-time payments and a 40% reduction in support queries.

3. **Razorpay Clone** https://github.com/Adl101010/RoazarPay_Clone
   - **Tech Stack:** Tailwind CSS.
   - Developed a real-time financial payment system replicating Razorpay's key functionalities.
   - Reduced development time by 25% through optimized code structure, improving performance and accelerating client onboarding.

4. **Internet-Bazaar** https://github.com/Adil101010/Internet-Bazar
   - **Tech Stack: HTML, CSS, JavaScript, PHP, MySQL.**
   - **Built a cross-platform e-commerce platform** with a responsive UI for seamless online shopping and order management.
   - **Developed** an **interactive product catalog, shopping cart, secure authentication, and payment integration**, improving user engagement by **30%**.

Technical Skill

- **Backend & Frameworks:** Spring Boot, Spring MVC, Hibernate, JPA, REST APIs
- **Frontend Technologies:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
- **Database Management:** MySQL (CRUD, Joins, Indexes)
- **Caching & Messaging:** Redis (Basic), Apache Kafka (Basic)
- **DevOps & Containers:** Docker
- **API & Testing Tools:** Postman, Swagger
- **Version Control & Build Tools:** Git, GitHub, Maven
- **Developer Tools:** IntelliJ IDEA, VS Code
- **Core Concepts:** OOPs, Data Structures & Algorithms (Basics), MVC Architecture, Exception Handling

Education

Master of Computer Applications (MCA)
ABES Engineering College, Ghaziabad, India
Nov 2022 – Aug 2024
Bachelor of Computer Applications (BCA)
Forte Institute of Technology, Meerut, India
Aug 2017 – July 2020
Senior Secondary (12th)
JANTA INTER College, Bana Massuri, Meerut (U.P. Board)
June 2017
Secondary (10th)
LBS Inter College, Incholi, Meerut, Uttar Pradesh Board
Jun 2016

Academic and Extracurricular Achievements

- Achieved **4-Star** rating in **Java** on **HackerRank**.
- Earned **4-Star** rating in **MySQL** on **HackerRank**.
- Solved **100+ coding** problems across platforms like **LeetCode**, **CodeChef**, and **GeeksforGeeks**.

Training and Certifications

- **Java Fundamentals** – Oracle Academy (**Issued on:** Oct 29, 2023)
- **Basics of Java** – Coding Ninjas (**Issued on:** Nov 29, 2023)
- **Database Foundations** – Oracle Academy (**Issued on:** Feb 02, 2024)
- **SQL (Basic)** – HackerRank (**Issued on:** March 19, 2023)
